

Lenovo™ ThinkCentre M710 Tiny

TINY FOOTPRINT, BIG STATEMENT

Smaller, more powerful and more versatile than a traditional desktop PC—ThinkCentre M710 Tiny raises the limits of desktop computing.

Powered by Intel® 7th generation processor, ThinkCentre M710 Tiny packs a punch with the latest desktop technology found in full-sized desktops. It also can be compatible with 6th generation Intel® processor to support your Windows 7 system. Featuring DDR4 memory and optional PCIe SSD—you'll experience fast boot up times and open files faster than ever. ThinkCentre Tinys are Intel Optane Ready*—Pairing for you to easy upgrade to use Intel Optane memory which enabling you to get even more amazing performance and responsiveness without compromising on storage. Configurable ports and space saving mounting options make M710 Tinysuits the business in your way. Together with the ability to view rich content on up to 3 displays—you can think big and multitask with ease.

WHY YOU SHOULD BUY THE LENOVO™ THINKCENTRE M710 TINY

Easy to use

Simply free up space by mounting Tiny under the desk, behind a monitor, on a wall or under a projector. New generation Tiny also has service door on the chassis which enable you upgrade SSD and memory without disassembling other parts.

Packs a Punch

With up to Intel® Core™ i7 processors, DDR4 memory, you can carry out intensive tasks with speed and ease. The latest PCIe SSD with 3D NAND technology can help you open files lightning fast without lag.

The Power to Transform

Create your own 'modular' all-in-one PC with ThinkCentre M710 Tiny housed in the back of a display. Plus you can upgrade the display and computing power separately ensuring more use from your assets over time.

Built Tough

MIL-SPEC testedspec compliance—wherever you go, you can rely on it to keep on performing.

*Intel Optane Memory will be launched in June 2017
